### President

Led a team of 5 coordinating events and initiatives for the graduate student community. Acted as a liaison between the student body and the school administration on matters regarding PG graduation, held social events, and began a GSA rebrand.

### UI/UX & Graphic Designer

Designed for clients in Web3, music, and academia among others. Worked closely with clients, software engineers, PMs, and other designers. Created designs including UI/UX, brand identities, templates, and social media content.

### Art Director, Graphic Designer

Led a team of 6 on designing a cohesive visual identity for the event's 2023 edition. Closely collaborated with clients, vendors and other designers to deliver a thoroughly documented, refined identity reflecting the gathering's values.

### Graphic Designer

Developed weekly social media content and promotional graphics assuring that designs fit the University of Florida's rigid branding guidelines. Attended meetings with the communications team to ensure the designs met the institute's needs.

### Graphic Design Intern

Worked closely with a senior designer on developing social media materials. Developed graphic elements for branded videos and created new social media templates for IPMA Global eCollaboration Competition (GeCCo)

## ABOUT ME

My experience in both fine arts and engineering makes me a versatile UI/UX and identity designer who can proficiently bring together form and function.

The interfaces and visual identities I work on always center a well researched brand story tailored to the target audience.
